

APPRENTICESHIPS

Rochester Rehabilitation Center’s Strengthening Working Families Initiative (SWFI) offered a program in partnership with area employers, businesses, education and training institutions and community organizations to create access to living-wage jobs, and support career advancement in high demand industries for parents with dependent children at home. Job training, job placement, career advancement and benefits management were all a part of this initiative. Key Partners: Child Care Council, Inc. and Action for a Better Community, Inc.

SWFI provided low- to middle-skilled parents opportunities to advance in their careers in high-growth or in high-demand industries-including health care, advanced manufacturing, and information technology – while addressing barriers related to accessing training and employment faced by those with child care responsibilities.

The training directory was produced by SWFI’s Trainers Network. The Network, led by the SWFI partner, Action for a Better Community, Inc., consisted primarily of training programs, as well as workforce system organizations, government agencies and community-based organizations in Monroe County, NY that came together to address training-related community needs.

The SWFI program ends on June 30, 2021. However, **Rochester Rehabilitation Center staff are available to provide information about getting help with paying for training-related items, childcare and transportation.** Staff will also have information about the future work of the Trainers Network and the program to replace SWFI. An Apprentice is a person who works with a skilled worker in order to learn the necessary skills to do a specified trade himself/herself. Many employers have apprenticeship programs. Apprenticeships include paid on-the-job training along with related classroom instruction. Hence the term “earn while you learn”.

To learn more about apprenticeships, including apprenticeship opportunities and the process to become one, go to <https://dol.ny.gov/apprenticeship/overview>.

For a list of apprenticeship programs in the Finger Lakes region, go to <https://dol.ny.gov/list-active-sponsors>.
